

# Majority-to-Minority Student Transfer Information

## ***1. How do Majority-to-Minority (“M-to-M”) transfers work?***

Rising Kindergarten through 12th grade students are eligible for a M-to-M transfer if: 1) the student’s race is in the majority at the student’s zoned school. Majority means that **over 50% of the students at the school are the same race**; 2) the student’s race is not in the majority at his or her desired school if **less than 50% of the students at the school are the same race as the student**; and 3) there is space available at the student’s desired school, **as defined by the Proposed Consent Order**.

## ***2. Am I eligible for a transfer?***

In order to be eligible, your student must be in the majority race at his or her zoned school for the 2015-2016 school year. If you are unsure which school is your child’s zoned school is for the 2015-2016 school year, please use the “Find my School” tool found on [www.SchoolZoneLocator.com](http://www.SchoolZoneLocator.com). Once you know your student’s zoned school for the 2015-2016 school year, please find your child’s school on the Demographics & Space Availability Table and check under the column labeled “**Race of students who can transfer out?**”. If the race in that column matches your child’s race, he or she is eligible for a M-to-M transfer. **For additional help, call Sheri Wilkinson at 256-428-6892.**

## ***3. Which schools may my child transfer to using a M-to-M transfer?***

To determine whether your child may transfer to a specific school using a M-to-M transfer, find the school on the Demographics & Space Availability Table and check under the column labeled “**Race of students who can transfer in?**”. If the race in that column matches your child’s race, he or she is eligible to transfer to that school using a M-to-M transfer (**assuming your child’s race is in the majority at his or her zoned school for the 2015-2016 school year (see #2 above)**). **For additional help, call Sheri Wilkinson at 256-428-6892.**

## ***4. On the Demographics & Space Availability Table, my child’s zoned school says “No Transfers Out.” What does this mean?***

Majority-to-Minority transfers require that your child’s race is in the majority at his or her zoned school for the 2015-2016 school year. If a school has no majority race, meaning that no race constitutes 50% or more of the student population, then no student may transfer out of that school using a Majority-to-Minority transfer.

## ***5. What do the “High”, “Medium”, “Low”, and “No/Limited” mean under the column “Space Available”?***

**High Availability Schools** are projected to have 30 seats or more for transfers. **Medium Availability Schools** are projected to have between 15 and 30 seats for transfers. **Low Availability Schools** are projected to have fewer than 15 seats for transfers. **No/Limited Availability Schools** are schools projected to have no space available or very limited space available. Selecting No/Limited Availability schools will likely result in placement on the waitlist, and there is only a small chance that these schools will accept transfers during the waitlist period.

## ***6. My race is not Black or White. May I use a M-to-M transfer process?***

There are no schools in Huntsville City Schools that have a majority race other than Black or White. Therefore, at this time, students of a race other than Black or White are not eligible for a M-to-M transfer.

## ***7. What happens if I use this application to apply for a M-to-M transfer, but my child is not eligible for a M-to-M transfer or the school I select for the transfer is not eligible to accept my student?***

Your child’s application will be denied. **For additional help, call Sheri Wilkinson at 256-428-6892.**
